BERION

Natural CRANBERRY + Zinc VITAMIN C

CRANBERRY — URINARY TRACT INFECTIONS (UTI'S):

The proanthocyanide (PAC) found in cranberries inhibit the fimbrial adhesion of bacteria, including E.coli, to the urinary tract epithelium and therefore subsequent reproduction required for infection.

VITAMIN C — IMMUNE SYSTEM DEFENSE:

Vitamin C has been shown to be effective in the prevention and self-care treatment of urinary-tract infections. The mechanism of action is probably similar to that of cranberry juice; vitamin C also acidifies the urine.

ZINC

Zinc in our immune system could help the development of new non-antibiotic treatment strategies for bacterial diseases, such as urinary tract infections (UTIs)

COMPOSITION

Each Sachet contains:

Cranberry Extract (USP)	250mg
Vitamin C (USP)	300mg
Zinc Sulphate (USP)	100mg

DOSAGE:
Mix the contents of sachet in a glass of water and use immediately. Do not store opened sachet.

PRESENTATION:
Available in 1x10's sachets pack.
